

Crock Pot Stew

1-1/2 to 2 lbs of Hamburger
1 pack of Lipton Dry Onion Soup
6 - 8 Potatoes (cut into chunks) Russet work best
6 - 8 Carrots (cut into chunks) or a bag of baby carrots
2 Cans Campbells 'Tomato & Rice' Soup
1 Can Campbells 'Cream of Celery' Soup

Cook hamburger (pour off grease) then add onion soup. Put cooked hamburger, potatoes and carrots in crock pot. Mix cans of soup and water to consistency desired. Pour over meat and vegetables in crockpot. Cook on low most of the day. (You may have to put it on high for a couple of hours to get the potatoes and carrots cooked, this will depend on how large the potatoes and carrots are cut.)

You can also use tomato soup to thin (instead of water). Stew freezes well. (I mix and refrigerate the night before, putting it on the counter and plugging it in right before I leave for work in the morning.)
